

## Creating a New Wiki Page (LIS Wiki)

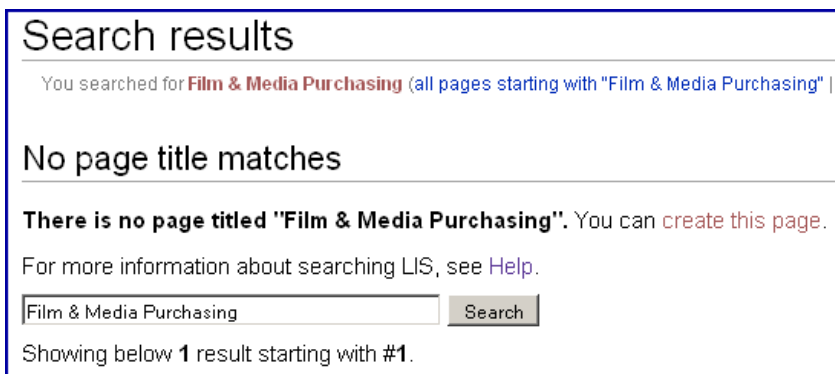

- Log in (upper right corner)

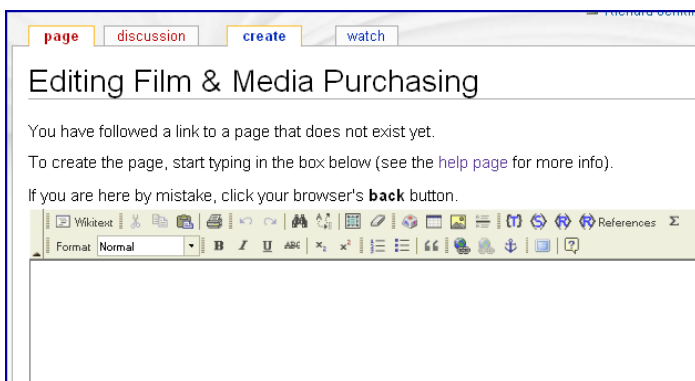

- Type the title of your new page in the search box (left menu bar). Click the **Go** button.

- In the next screen (Search results), you will see 'No page title matches.' (unless by chance there already is a page with this title). Click the red link 'create this page.'

- Next, you will see an edit window. Type or paste your information into the blank box. Edit using the toolbar icons/buttons.

- If you want to edit the wiki code itself, click the 1<sup>st</sup> button (Wikitext):

- Here are links to quick reference sheets on editing the wiki code directly:
